

The Vinton-Shellsburg Community School District remains committed to doing all we can to meet the needs of our students and their families.

One way we can do that is to offer **FREE** meals for children up to age 18.

We will follow best practices for food distribution as outlined by the CDC. Please follow social distancing recommendations when picking up your meals

Our current times and locations are: **Effective June 8, 2020**

We do our best to be punctual. At this point meals will continue through July.

We will provide a lunch and a breakfast meal for the following morning.

To help determine how many meals to prepare, we ask that families call and leave a message to 319-436-5680 or email meals@vscsd.org by 10:00 AM each day OR if you prefer, you can email/call just once on Monday to indicate which day or days you will utilize for the week. We want to know the **number** of meals and the meal pickup **location**.

Additional meals are available for those who may not have the opportunity to email/call in.

Please keep updated on V-S District Website <https://www.vscsd.org/vscsd-updates/> and Social Media
