## COMMUNITY INPUT SESSION

In the Vinton-Shellsburg Community School District, our dedication to continuous improvement has guided us on a collaborative journey to refine and implement our long-range facilities master plan.

We are paying off the High School debt soon, which creates the opportunity to invest in our facilities without increasing the levy rate or the school portion of property taxes. We invite you to attend a community input session where we will share insights into the process and seek your valuable input.

On March 14, the session will be held at the Middle School at 6:30 PM. All school buildings will be open for touring from 5:00-6:15 PM.
